

Add-on Wireless Air Purifier Hidden Camera for Quad Receivers

Hidden camera can be added to an existing wireless covert quad receiver series

The add-on wireless air purifier hidden camera is an additional camera for the wireless covert quad receiver series of systems. Add up to 3 additional cameras to your quad-viewable covert system to take advantage of quad viewing capabilities.

The add-on wireless covert camera delivers 500 lines of resolution and operates on 12 Vdc. The hidden camera is easily concealed in a variety of environments and also features up to 700' of interference-free wireless transmission.

This camera requires an existing Quad Receiver to function as intended.

What's Included:

- Power supply

This camera comes with a 1-year warranty, 30-day money back guarantee and free lifetime US-based technical support.
